

# PRACTICE PROFIT TUNE UP

A Special Strategy Session with Kelly Fox-Galvagni

Hosted by Botwinick & Co, CPA and PNC Healthcare Business Banking

## Stop Working Harder and Start Working Smarter

If your practice is producing but not retaining the profit you expect, this session is for you.

Join Kelly Fox-Galvagni for a strategic session tailored to dental practice owners who are serious about strengthening systems, improving financial performance, and making smarter business decisions.

This is not theory. This is real-world strategy used to help practices increase profitability, strengthen leadership, and build sustainable systems.

## What You'll Gain:

- Clarity on where profit is being generated, lost, or stalled
- Insight into smarter in-network vs. out-of-network decisions
- The key business reports every owner should review monthly
- Where to prioritize first, and what can wait
- System adjustments that improve both profitability and patient satisfaction

When systems align, profits improve, and stress decreases.
