HERO

A new kind of eatery at the intersection of design, fantasy, indulgence and individuality. Built as a speakeasy with a discrete entrance and prohibition-style bar; the concept invites you to be members of a secret space. Bridging fantasy and reality, the space and food celebrate heroes from comics and from our own community; the thought leaders, entrepreneurs, athletes, authors, do-gooders, champions of humanity and protectors of the environment.

The small plates draw influence from the idea of the superhero, and their superpowers.
