

FOOD & BEVERAGE

Tribe Collection is home to a collection of distinctive dining concepts across Nairobi, each with its own personality, ranging from refined dining and Mediterranean flavours to high-energy social venues and nostalgic 24-hour comfort food. Whether guests are looking for a standout dinner, a casual lunch, or a late-night bite, the group's restaurants are designed to deliver memorable food, atmosphere, and service.

Jiko

A signature dining destination known for its elevated atmosphere and refined menu. Jiko blends contemporary flavours with a sense of occasion - ideal for power lunches, date nights, celebrations, and stylish evenings out.

Harvest

A relaxed all-day dining restaurant offering crowd-pleasing favourites in a warm, welcoming setting. Perfect for breakfast meetings, casual lunches, and easy dinners, Harvest is a go-to for guests and locals alike.

Hero

A bold, social venue built for great food, drinks, and high energy. Hero is where people come together, ideal for lively evenings, group dining, and nights that turn into celebrations. Hero has been named the Best Bar in Africa in The Worlds 50 Best Bar's List.

Bang Bang

A vibrant, Thai restaurant, flavour-forward concept designed for fun, energy, and sharing. With a dynamic atmosphere and a menu made for social dining, Bang Bang is perfect for group nights out and bold cravings.

Mythos

A Mediterranean-inspired dining experience focused on fresh ingredients, vibrant flavours, and a stylish setting. Mythos is ideal for long lunches, elegant dinners, and guests who love a refined but relaxed dining mood.

Roots

A calm, wholesome restaurant with a focus on fresh ingredients and comforting flavours. Roots is designed for everyday dining especially for longer-stay guests offering a relaxed, nourishing experience.

Pops Diner

A 24-hour American diner-style restaurant serving nostalgic classics; burgers, stacks of pancakes, milkshakes, and comfort food favourites. With its playful diner décor and all-day energy, Pops is the ultimate anytime spot.
