

Choose how you pay.

GPS tracker, SIM, data and app access included on the standard vehicle plans. All prices below are in Australian dollars and include GST.

ANNUAL

A\$77

per device per year

A\$88 for one device delivered

Then A\$77 each year while subscribed.

FIVE YEARS PREPAID

A\$275

per device for five years

A\$286 for one device delivered

One payment for the five-year term.

Standard postage is A\$11 once per physical order.

Postage is added to the initial order, not to service-only annual renewals. Hardwired installation is arranged and paid for separately.

Standard plans use Optus/Vodafone. Coverage depends on the selected network and location. Telstra options are available by quote.

ezygps.com.au/pricing

Pricing checked 14 September 2026. View current terms online. Contact us for battery tracker and dashcam configurations.

Find your fit.

A few details help us recommend the right vehicle tracking setup.

Choose the installation

EZY01 plugs into a compatible OBD-II port. EZYH1 connects to vehicle wiring for a permanent fit. Check the vehicle and fitting requirements before ordering.

Choose the service term

Annual billing covers the first 12 months and renews at A\$77 per device each year while subscribed. The prepaid option covers five years for A\$275 per device.

Check where the vehicle travels

Tell us where the tracker will be used. Standard service uses Optus/Vodafone; Telstra options are quoted individually.

Plan fitting and account setup

Follow the supplied setup instructions. Arrange and pay for hardwired installation separately; EZY GPS can recommend an independent installer.

Review the plan before expiry

Before a five-year term ends, contact EZY GPS to discuss continuing with the existing device or choosing a new package.
