276-221-0023

Thank you for considering Capriccio Elite, LLC for group home services. Group home services are designed to support Medicaid Waiver eligible persons in a 24-hour home setting. Our goal in providing this service is to support persons to live in a *home* that provides a shared living experience in which the residents ideally have compatible interests and preferences. Individual supports are also provided in this service where service recipients can express and participate in activities of personal interest. We encourage all residents to participate in life to its fullest to include having family interactions in their home, community, or at their family home, have pets, expand interests, and much more.

Referral Process

Referrals can be made by the Case Manager/Support Coordinator, the individual and/or the individual's family. Referrals can be made online at <https://capelite.org/2017/11/21/online-referral/> or by calling 276-221-0023. Once the referral is made, a member of the Capriccio Elite, LLC team will schedule a time to meet with you to determine if we are able to provide the services and if the service recipient meets eligibility.

Once all parties agree to provide services, we will work together to begin the process of service development. The service plan is a crucial part of our service delivery as it tells us how to best support the service recipient based on preferences, needs and goals. Once the plan is complete, we will submit it for authorization. Please know that it may take up to 30 days for the service authorization to be approved by the State. Once approved, a member of our team will contact you to work on admissions.
