1,887 SF | 2 BEDS | 2.5 BATHS | \$575,000

HISTORIC LOCATION. INNOVATIVE CITY LIVING.

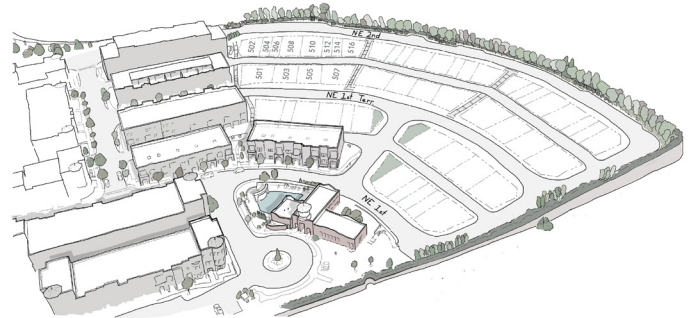

Discover The Hill, re-imagined. Secure your place in the newest phase of this iconic downtown OKC neighborhood. Designed for all walks of life, homes here are historic at heart, but newly built for a modern lifestyle. Townhomes and single-family homes range from 1800-3600 SF. Multi-zone geothermal HVAC systems. Find your new home just steps from the heart of the city.

BUILT FOR COMMUNITY IN DOWNTOWN OKC

An oasis in the middle of the city, The Hill is built around a central hub with pool, hot tub, dog park and town hall style meeting house, with fire pit, grill, gym and gathering space. A home in The Hill is the perfect place to shorten your commute, entertain guests and take advantage of all the city has to offer.

NOSTALGIC CHARM WITH MODERN AMENITIES

A modern take on a classic layout. Luxe finishes, private primary suites and dual living areas for flex rooms or work from home spaces. Terraces, patios, front porches and courtyards take advantage of city views while connecting indoor and outdoor spaces. Curb appeal at its finest - all in a geothermal, energy efficient package.
