

September 2026

"God's love is not just something we receive, it is something that truly changes us. When we allow His love to fill our hearts, it changes how we treat others. We become more willing to forgive, to sacrifice our comforts, to put others first, and to genuinely want what is best for them. Love moves us beyond words and into action. The more we open ourselves to receive His love, the more His love can flow through us. God doesn't only want to change an area of our lives, He desires to influence our words, our attitudes, our relationships, our priorities, and our choices. God's love calls us beyond simply saying, "I love you." It invites us to live lovingly.

Ephesians 5:2 And walk in love, as Christ loved us a gave himself up for us, a fragrant offering and sacrifice to God.

Sundays 10am
