

SLIPCOAT®
Nonstick Industrial Coating

Introduction

SLIPCOAT® is an environmentally friendly, 99.8% biodegradable non-permanent coating used to prevent a wide range of materials from sticking and/or freezing to equipment surfaces while providing protection against corrosion.

Typical Applications

- Rail cars, mining haul truck boxes, chutes, hoppers, loaders, drilling equipment and other applications

Advantages

- Reduced cleaning requirements, reduced maintenance, increased payload and efficiency, fuel savings, reduced wear & tear on equipment, increased equipment lifespan

Typical Physical Properties

These properties are typical but should not be considered specifications.

Appearance	Cloudy amber or yellow liquid
Solids content, %	0%
pH	6.4
Viscosity, cP	77.82cP
Density, lbs/gal	7.6 lbs/gal

Product Stewardship

ISC has a fundamental concern for all who make, distribute and use its products, and for the environment in which we live. This concern is the basis for our product stewardship philosophy by which we assess the safety, health and environmental information on our products and then take appropriate steps to protect employee and public health and our environment. The success of our product stewardship program rests with each and every individual involved with ISC products – from the initial concept and research to manufacture, sale and use of our products.

ISC strongly encourages its customers to review both their manufacturing processes and quality to ensure that ISC products are not used in ways for which they are not intended or tested. ISC personnel are available to answer your questions and to provide reasonable technical support. Product literature, including safety data sheets, should be consulted prior to use. Current safety data sheets are available from ISC.

Disclaimer

NOTICE: No freedom from infringement of any patent owned by ISC is to be inferred. Because use conditions and applicable laws may differ from one location to another and may change with time, the Customer is responsible for determining whether products and the information in this document are appropriate for the Customer's use and for ensuring that

the Customer's workplace and disposal practices are in compliance with applicable laws and other governmental enactments. The product shown in this literature may not be available for sale and/or available in all geographies. ISC assumes no obligation or liability for the information in this document.
