ACTIBEET® – PURE BETAININE, PURE NATURE

*ActiBeet® serves as a proven nutritional aid to support livestock production.
It is a natural, high-quality, crystalline betaine anhydrous, produced by AGRANA in Austria.*

AS THE MOST EFFICIENT METHYL GROUP DONOR, ACTIBEET®

functions as a direct **methyl group donor**, which requires no metabolic conversion step as compared to choline.

AS A HIGHLY COMPATIBLE ORGANIC OSMOLYTE, ACTIBEET® restores and maintains the mineral and water balance and protects cells against dehydration.

IMPROVES ANIMAL HEALTH

ACTIBEET® is improving animal health by playing a crucial role in the gut barrier function – Scientifically proven.

FACTS ABOUT ACTIBEET®

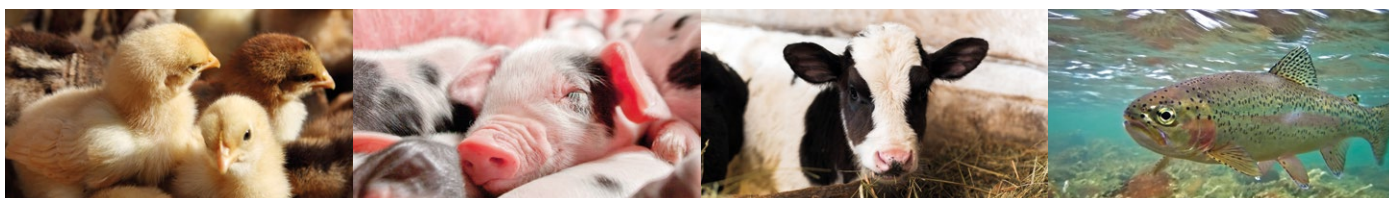

High purity, natural betaine from sugar beet molasses. Suitable for all livestock at a rate of min. 0,2 – max. 2,1 kg/t finished feed. GMO-free.

ACTIBEET® 97 – AS FEED ADDITIVE

97% betaine content, pure (no technological additive), recommended for feed and drinking water use, suitable for organic farming*.

ACTIBEET® 96 – FOR FEED/PREMIUM PRODUCTION

96% betaine content + technological additive, reduced hygroscopy for improved processing.

BENEFITS

- > Supports livestock in heat stress conditions
- > Higher production efficiency
- > Promotes animal health, especially gut health
- > Improved performance, high quality end-products
- > Better nutrient absorption, improved FCR
- > Prevention of fat accumulation in the liver

PACKAGING

- > PE bags (20 kg)
- > Big bags (800 kg)

**Only natural betaine "comply with the objectives and principles of organic production for monogastric animals and fish" according to the COMMISSION IMPLEMENTING REGULATION (EU) 2023/121 of 17 January 2023.*
