

FATHER'S DAY AUTO SHOW

The Father's Day Auto Show is one of our favorite opportunities each year to celebrate dads and provide families with a fun reason to spend Father's Day together at Grace. While the classic cars bring people to our campuses, the real impact comes through the relationships that are built.

This year's event was another incredible opportunity to connect with our community and build momentum as a church. We saw volunteers intentionally welcoming guests, meeting new people, having meaningful conversations, and inviting people back to Grace.

One area we'd love to highlight is Outdoor Connect. It became a natural place to slow down, hear people's stories, answer questions about Grace, and help guests identify their next step.

Below are just a few moments shared by those who intentionally engaged with guests at the Auto Show:

- Another couple shared that the wife was recently diagnosed with cancer. They were prayed for and invited to Grace, especially as they are currently without a church home after theirs closed.
- A young man who had walked away from church after a negative childhood experience was invited to Grace Church and encouraged to consider a relationship with Jesus.
- A Vietnam veteran opened up about deep personal pain and loss, along with disillusionment toward religion. While not ready to take a next step, he appreciated being listened to and welcomed prayer.
- A reunion between former acquaintances sparked a great conversation, with openness to reconnecting and a clear sense that God was at work in the encounter.

We're grateful for every volunteer who helped make the day possible and thankful for the opportunities God gave us to build relationships and share His love with our community.

The best is yet to come,

Pastor Nick
