ABC of NC's counselors use a strengths-based approach, incorporating several modalities, including but not limited to cognitive behavioral therapy (CBT), structural family therapy (SFT), trauma-informed care (TIC), and play therapy techniques.

Serving children (ages 7+), teens, and families affected by autism and co-occurring mental health conditions.

Depression
ADHD
Anxiety
Aggression/Anger
Adjustment Disorder
Peer Issues/Bullying
Strained Family Dynamics
Family Counseling
LGBTQ+
Couples Counseling

We also offer couples counseling for those with one or more neurodivergent partners.

ABC of NC's SECU Autism Clinic accepts private health insurance and Medicaid.
