- ✦ Responsive Design
- ✦ Adobe CC Apps
- ✦ Figma Tools

Soft Skills

- ✦ Time Management
- ✦ Active Listening
- ✦ Problem Solving
- ✦ Adaptability
- ✦ Team Communication

About Me

My name is Emily! I'm a creative and thoughtful designer who loves crafting digital experiences that feel engaging, intuitive, and easy to use. I'm passionate about design that has a clear purpose and puts the user first. Clean layouts, visual clarity, and a modern style are always top of mind for me.

I enjoy solving problems, learning new tools, and exploring fresh ways to bring ideas to life. Interactive design is where I feel most at home, and I'm always excited to keep growing and creating work that feels meaningful and well thought out.

Experience

✦ **Graphic Designer** AVT Simulations

Working with HR and marketing to create internal flyers, graphics, and visual materials while maintaining brand consistency.

Continued work with technical writers to produce compliant, military standard graphics for technical documentation.

✦ **Graphic Design Intern** AVT Simulations

Designed visual assets in collaboration with technical writers while following military standards to translate complex technical information into clear graphics.

Education

✦ **A.S. - Interactive Design**

Valencia College

✦ **Technical Certificate - Interactive Design Support**

Valencia College
