

## Online Ordering

# Empower your students to order from anywhere

- Completely customizable to meet your operational needs
- Flexible and convenient for everyone—order from anywhere, via the web-based portal application
- Include images of plated items for easy identification
- User-friendly design and familiar layout and functionality
- Menus pull from same database as existing POS system, with options to customize availability

## Why online ordering?

Improve student satisfaction with flexible ordering options including pickup and delivery. Fast and easy!

Online ordering acts as a powerful line buster, reducing long lines in campus cafeterias and retail spaces by enabling students to place and pay

Increase revenue by offering online ordering that goes beyond dining. Offer students easy access to grocery stores, transport requests, campus bookstores, and so much more.

Offering on-site online ordering demonstrates a commitment to providing the greatest amenities and services, making your community more appealing.
