HEALTHCARE: PROTOCOL SUPPLY TO ASSISTED LIVING (HTTPS://WWW.DESIGNINSIDERLIVE.COM/HEALTHCARE- PROTOCOL-SUPPLY-TO-ASSISTED-LIVING/)

Senior living and healthcare schemes can be just as beautiful as 5* venues! **Protocol** (<https://www.thebcfa.com/product-finder/protocol-furniture>) worked on projects for Birchgrove Assisted Living who are developing a portfolio of high-quality assisted living apartments.

Use our hashtag – #HealthcareDI

[Privacy](#) - [Terms](#)

Working with designers Devon Interiors, Protocol was briefed to supply luxury, comfortable furniture options for Woodbank (<https://www.protocoluk.com/Project/Detail/1221/Birchgrove-Assisted-Living---Woking>) and Queensgate (<https://www.protocoluk.com/Project/Detail/1218/Birchgrove-Assisted-Living---Sidcup>) apartments. Both apartments feature a tasteful design that is spacious and light, with modern furniture to complement and help make the place feel homely.

For Woodbank apartments, a range of dining and lounge models including the Elane (<https://www.protocoluk.com/Product/Detail/7562/Elane-A991C>), Glam (<https://www.protocoluk.com/Product/Detail/7931/Glam-GL060>) and Venice (<https://www.protocoluk.com/Product/Detail/3986/Venice-A607STCR>) collections were supplied for the communal facilities which included an on-site brasserie, club room, snug bar, and reception area. For Queensgate apartments, Protocol supplied various sofas, lounge armchairs and dining furniture including the Isotta (<https://www.protocoluk.com/Product/Detail/4702/Isotta-DI01>), Euforia (<https://www.protocoluk.com/Product/Detail/4841/Euforia-00131K>) and Berlino (<https://www.protocoluk.com/Product/Detail/4467/Berlino-080-H54-T>) collections for the restaurant, club room and hair salon. Both projects feature bold and vibrant print fabrics.

These Birchgrove projects are a great example of how healthcare furniture can be both functional and stylish and does not have to fall under the stereotypical 'care home design'.

Contact Protocol (<https://www.thebcfa.com/product-finder/protocol-furniture>) through the BCFA Product Finder.

The BCFA Product Finder is designed to find BCFA member companies and their products and services. There are four ways of searching either by product sector, market sector, company name by A-Z, or use the product search and enter the product or service name e.g. seating, to find companies offering seating and its variants.
