

ST100 STACKER

The McCloskey® ST100 Wheeled Stacker is designed for high capacity stockpiling operations. The unit comes standard with diesel power units, hydraulic main lift and hydraulic top fold. Electric drive is available as an option based on the best application for the customer's business.

FEATURES

- ✓ 900mm (36") wide heavy duty 100' long conveyor
- ✓ 55kW (74Hp) Tier 4 engine
- ✓ Row towable
- ✓ Large feed hopper
- ✓ Hydraulic folding frame for easy transport
- ✓ Fast on-site setup time (5 minutes)
- ✓ Abundant service room inside the power-pack
- ✓ Air brakes, mud flaps, lights

The ST100 is also available as a radio controlled track mounted unit. This heavy duty mobile stacker has a setback axle and 22.5 degree max conveyor angle allowing for the highest stockpiles per conveyor length in the industry.

With its durable truss frame, large feed hopper and base production capacity of 500 TPH with optional upgrades to 800 TPH, the McCloskey ST100 Stacker stands up well above the competition.
