

The Homebound Project

Repatriation Grant Application

Thank you for your interest in applying for funding from The Homebound Project. Our purpose is to support the return of Indigenous ancestors and cultural objects from institutions in the United Kingdom to Indigenous communities around the world.

The Homebound Project works with a set amount of funding each year. We aim to keep repatriation costs as low as possible so that we can fund as many repatriations we can. After grant applications are submitted, we work with Indigenous communities to keep costs down while also respecting the customs and wishes of each individual community.

We want this application process to be as simple as possible. If you have any questions or need help completing this form, please contact us at: info@thehomeboundproject.org

We are happy to help!
