Wayne Ncube

Primary Teacher
Grade 5 & 6

“My classroom is a safe space for all my students, where they can learn, thrive, and have fun. Building strong relationships and injecting humour into the everyday is how I achieve this and allow my students to become the best versions of themselves, the superheroes of their own lives.

I grew up in Zimbabwe, and have lived and worked in Switzerland over the past 12 years, the last seven years as a grade 5 and 6 teacher in a bilingual school. I have been able to combine elements of my own culture with that of Switzerland, fostering a diverse perspective for both my students and myself.”
