2) Common counselor use cases

Three quick ways to plug into advisory, meetings, and parent nights

Three ways counselors use this

Classroom / advisory (5 min)

Scan QR, pick grade, watch 1 short lesson, write 1 next step.

1:1 meetings

Send the grade link before the appointment; use it to structure the conversation.

Parent night / FAFSA night

Display the QR code, then share the start link in a follow-up email.

Copy/paste: Student announcement (SMS / LMS)

Free college + career planning (no login). Pick your grade and start here: https://yourfutureblueprint.com/start

Copy/paste: Parent email blurb

We're sharing a free, no-login resource that helps students plan for college and career options (including military and skilled trades). Start here: https://yourfutureblueprint.com/start

Copy/paste: Sample emails & messages

Two ready-to-send samples for students and families (edit school name + dates)

Captions: 8 languages (AI-generated; English is the primary reference).

Student email (sample #1)

Subject: Quick 5-minute check-in (pick your grade)

Hi [Student First Name],

Start here: https://yourfutureblueprint.com/start

Pick your grade, watch one short lesson, and write one next step.
Bring that next step to our next check-in.

Parent email (sample #1)

Subject: A free, no-login planning resource

Hello families,

Start here (no login): https://yourfutureblueprint.com/start

Students pick their grade and follow short steps for college, career, skilled trades, or military. Each lesson ends with one simple action step.

Student email (sample #2)

Subject: Not sure what's next? Start here

Hi [Student First Name],

Start here: https://yourfutureblueprint.com/start

Pick your grade and complete the first lesson to get a checklist + one action for this week.

Parent email (sample #2 — Financial Aid Night follow-up)

Subject: Financial Aid Night — next steps

Hello families,

Start here: https://yourfutureblueprint.com/start

Then choose the Financial Aid Track for FAFSA prep and comparing aid offers. Each lesson ends with one simple action step.

30-second overview (for principals)

A quick summary you can forward to building or district leadership

What it is

A free, shareable set of short videos + action steps that helps students plan by grade (9–12) across college, career, skilled trades, or military pathways.

Why it's low-risk / low-lift

- No student login required to access lessons
- No student PII required to watch content
- No ads or sales pressure on the training side
- Supports accessibility: captions in 8 languages (AI-generated; English primary)

How schools use it

Advisory (5 minutes), 1:1 meetings, parent nights, and FAFSA night follow-ups — share one link or QR and students pick their grade.
