

# Social Story: *Stay Safe Near Water*

My Name Is: \_\_\_\_\_

Water is fun to play in,  
like pools and splashpads

But water can hurt me  
if I am alone.

If I go near water without  
mom or dad, I could get  
very sick or hurt.

Water that is brown or  
dirty can make me sick.

If I want to play near water,  
I will get my mom, dad, or teacher first.

with happy parents.*

Mom & dad will be  
happy that I am safe.
