

# ANPR Camera

HSN: 8608

## Overview

ANPR camera is Machine vision camera which is able to detect clear images of moving vehicles.

## Camera features

Frame Rate	Ingress Protection
60 fps	IP65
Aperture	Type
F1.4	Machine Vision Camera
Sensor size	Sensor Type
6.3 mm	CMOS with Global Shutter
Resolution	Optical Size
max 1920x1080p, 5MP	1/2.9"
Field Of View	IR Illumination
116°~37° (1/2.5") 110°~31°(1/2.7") 95°~26°(1/3")	IR with Night Vision
Plate Detection Speed	Data Encryption
Real-time, less than 100ms per frame	AES 256 or similar for data security
