

# E Crates

## The food safe meat crate

E-crates - also known as meat crates - are specifically designed for the meat industry and are available in various sizes. They are highly hygienic, resistant to unwanted odours and flavours, and ideal for storing and transporting meat and other food products. Their design also makes them perfectly suited for use in automated logistics systems.

### 100% recyclable

Made of durable, wear-resistant plastic and 100% recyclable.

### Stackable

Standard European dimensions for modular packaging.

### Food safe

Made from food-grade material with a smooth wall and bottom design that helps preserve freshness and supports hygienic handling.

### Characteristics

Material	HDPE
