

# Palletbox

## The dry bulk container

This container was developed for convenient storage and transport of large-volume cargoes. But the box is also ideal for transporting food products. Our pallet box also perfectly exemplifies the principles of the circular economy. It offers a long service life, and is fully recyclable.

### Sustainable

Ultra-durable containers can be reused for years and the plastic is recycled at the end.

### Food safety

Made of food-safe virgin HDPE and designed to be leak-proof and easy to clean.

### Easy handling

Stable and easy to stack, simple to handle, and perfectly suited for efficient transport.
