

Euro Rolly

The rolling half pallet

This rolling half-pallet made of recycled plastic, with rubber wheels, was designed especially for the distribution of POS (point-of-sales) displays, crates or boxes from producers to retailers.

Recycled

The combination of steel and plastic guarantees a long service life, and the plastic is 100% recyclable.

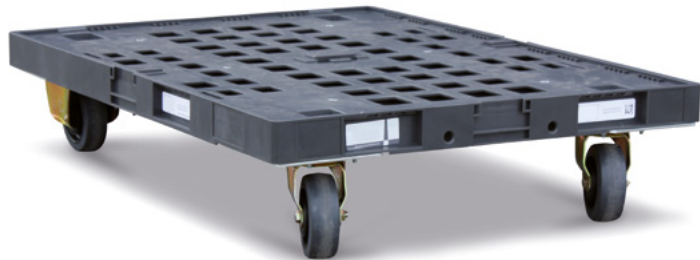

Stackable

Easily stackable to reduce the storage volume for return transport.

4 RFID tags and bar codes

For easy registration of the logistical flow.

Characteristics

Material	Steel and PP
Temperature (C°)	-30C to +50C

Dimensions

External (L x W x H)	811 x 605 x 178
Weight (kg)	11,5

Loading capacity

Dynamic load capacity (kg)	400
----------------------------	-----

Loading quantities

Units per trailer	64
Stack (units)	15
Units per trailer (stacked)	990
