

# Low Noise Rolly

## The low noise rolling half pallet

This low-noise rolling half-pallet, made from durable galvanised steel, is specifically designed for the quiet and efficient distribution of modular packaging such as displays, crates, and cardboard boxes.

### Low noise

Rubber wheels keep the roly under the noise limit of 60dB (A).

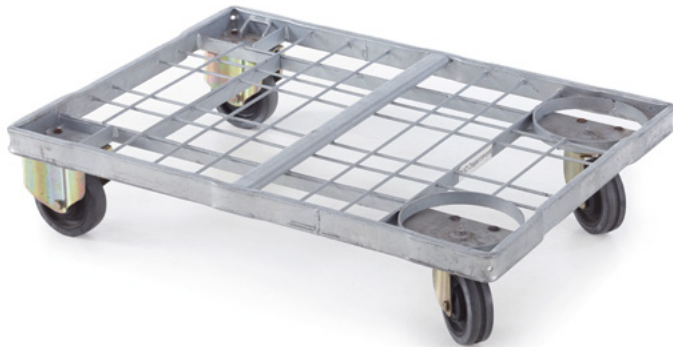

### Stackable

Easily stackable to reduce the storage volume for return transport.

### Galvanised steel

The robust design guarantees a long service life, and the material is 100% recyclable.

### Characteristics

Material	Steel
Temperature (C°)	-30C to +50C

### Dimensions

External (L x W x H)	811 x 605 x 182
Weight (kg)	13,5

### Loading capacity

Dynamic load capacity (kg)	400
----------------------------	-----

### Loading quantities

Units per trailer	64
Stack (units)	10
Units per trailer (stacked)	640
