

Unifold 1000L

The steel foldable liquid bulk container

This collapsible steel Bag-in-Box container is suitable for liquid products. Thanks to the fold-down side panel, the wide opening and the absence of loose components, the container is easy to fill, clean and handle. The design meets high hygiene standards and saves space during storage and return logistics.

Foldable

Fully collapsible into a compact unit for efficient transport and storage.

Easy handling & cleaning

Large openings and smooth panels make cleaning easy in demanding environments.

Galvanised steel

Galvanised steel with a long lifespan and resistant to intensive use.

Characteristics

| | |
|------------------|--------------|
| Material | Steel |
| Temperature (C°) | -30C to +65C |

Dimensions

| | |
|----------------------|--------------------|
| External (L x W x H) | 1247 x 1018 x 1170 |
| Folded (L x W x H) | 1247 x 1018 x 370 |
| Weight (kg) | 157 |
| Volume (l) | 1000 |

Loading capacity

| | |
|----------------------------|-------|
| Static load capacity (kg) | 10000 |
| Dynamic load capacity (kg) | 2000 |

Loading quantities

| | |
|---------------------------|---------------------|
| Stack (units) | 5 erect / 12 folded |
| Units per trailer (empty) | 156 |
