

# L3 1210

## The industrial sized foodgrade pallet

The L3 pallet is a robust, sustainable plastic pallet built for demanding intralogistics. With a load capacity of up to 2,000 kg in high racks and standard anti-slip strips, it offers excellent grip - even on slopes or in damp environments. Thanks to its long-lasting, reusable design, the L3 with its five metal profiles delivers reliable, maintenance-free performance for years.

### Sustainable

Ultra-durable pallets can be reused for years.

### Safe stacking

The upper deck has rims and anti-slip stripes for safely stacking empty pallets and securing loads.

### Built for Automation

Sizes and weight are always consistent, causing zero disturbances in your automated material handling systems.

## Characteristics

Lid	Optional
Runners	3
Material	PE
Foodgrade	Yes
Temperature (C°)	-30C to +40C

## Dimensions

External (L x W x H)	1200 x 1000 x 160
Weight (kg)	26

## Loading capacity

Static load capacity (kg)	7500
Dynamic load capacity (kg)	2000
Load capacity in rack (kg)	2000

## Loading quantities

Units per trailer	26
Units per trailer (stacked)	416
