

Meja Sandgren

DIGITAL DESIGN AND INNOVATION, STUDENT

I am a solution-oriented, attentive, and analytical student in Digital Design and Innovation at Halmstad University. With a strong interest in UX design and service design, I am driven to create meaningful and user-friendly digital experiences. I strive to develop my ability to understand people's needs and translate insights into smart, empathetic design solutions by testing ideas, exploring opportunities, and collaborating with like-minded individuals

EDUCATION

HALMSTAD UNIVERSITY

September 2023 - Now

At Halmstad University I am given many opportunities to create innovative and value-creating digital services and products, with the human relationship to technology at the center. I learn to develop smart and sustainable solutions in a rapidly changing world.

PROGRAM AMBASSADOR - HALMSTAD UNIVERSITY

September 2023 - Now

As a Program Ambassador, I gathered insights from students and actively participated in collaborative meetings with students, teachers, alumni and industry representatives. I communicated improvement ideas to enhance the program experience and contributed to ensuring its sustainable development and long-term relevance.

PROJECTS

DESIGNSTUDIO II, HALMSTAD UNIVERSITY - SERVICE DESIGN FOR THE LEADERSHIP AND MANAGEMENT

Service Design

Service design was used to examine the need of support amongst the university's leadership and managers, and whether the support currently offered is adequate. During the project, I conducted several interviews and observations, and analyzed the findings to contribute to long-term organizational development.

INTERNSHIP AT FINA FRÖN (REMOTE)

UX/ UI Design

Fina Frön is a small, Swedish children clothing brand. I am currently redesigning their e-commerce site, improving accessibility, user experience and increasing sales, while maintaining their current identity.

INTERNSHIP AT A STARTUP (REMOTE)

UX/ UI Design

I am currently working on a small project along with a wellness-focused brand. Unfortunately I can't say too much yet, but the expected result is a new website, with the goal of creating clarity, accessibility and customer engagement.

WORK EXPERIENCE

PERSONAL ASSISTANT- Hand i hand & Passal Assistans

February 2023- Now

I assisted with everything needed on a daily basis: hygiene, meals, exercise, mobility, and social interaction. I love building meaningful connections and having the opportunity to help others and improve their daily lives.
