Dear Community Partner,

Flight Night is more than an evening of gaming, signature drinks, and community celebration. It is an opportunity for Hampton Roads businesses and our community to come together and make a direct impact on the lives of patients and families facing serious medical challenges.

Every day, patients travel hundreds, even thousands, of miles for **cancer treatments, pediatric specialty care, clinical trials, Veteran services, organ transplants, and other life-saving care.** For many families, transportation is one of the greatest barriers to receiving that care. For more than 50 years, Mercy Medical Angels has helped remove that barrier by providing free transportation through volunteer pilots, commercial flights, gas cards, and bus and train tickets.

With the support of generous donors and community partners, **73,616 patient trips** were made possible in 2026, helping patients across the country reach the lifesaving and life-changing care they need. Each event sponsorship helps make these journeys possible, ensuring that patients can reach the care they need, regardless of distance or financial circumstance.

As a Hampton Roads tradition in the making, Flight Night is offering founding sponsorship opportunities exclusively to local businesses, corporations, and philanthropists. **By becoming a founding partner, you join a select group of community leaders and individuals committed to ensuring transportation is never a barrier to life-saving medical care.** Your support will not only demonstrate your commitment to the community among business leaders, healthcare professionals, and philanthropists throughout the region; it will directly help patients and families access the medical care they need, when they need it most.

When Hampton Roads comes together, patients move forward.

We hope you will join us as a founding Flight Night partner and help ensure that more patients can reach treatment, more families can focus on healing, and more lives can be changed through the compassion and generosity of our community.

Thank you for considering this opportunity to invest in the health and well-being of our neighbors.

Warm regards,
