

## About Us

Since 1972, Mercy Medical Angels has helped people reach life-saving treatment when the cost or distance would have kept them away. Our mission is to remove the barrier to medical care with transportation on the ground and in the air. We provide ground transportation through prepaid gas cards, bus, and train tickets and air travel with volunteer pilots and commercial airlines. If getting to care feels out of reach, Mercy Medical Angels will help you get there.
