

New York State Conservative Party Chairman Jerry Kassar Endorses Blakeman for Governor

Says Blakeman Will Fix Hochul's Broken Policies That Drove Up Taxes & Crime

New York State Conservative Party Chairman Jerry Kassar today endorsed Nassau County Executive Bruce Blakeman for Governor of New York, praising Blakeman's record of low taxes, tough-on-crime leadership, and common-sense values at a time when New Yorkers are being crushed by Governor Kathy Hochul's failed policies.

"Under Kathy Hochul, New York has become one of the most unaffordable states in the nation," Kassar said. "Taxes, utility rates, and everyday costs keep rising, crime is up, and pro-criminal laws like cashless bail, Clean Slate, and Less Is More have made our communities less safe. While Hochul spends billions on illegal migrants, hardworking New Yorkers are leaving the state in droves because they can't afford to stay. We need change, and we need it now."

That change, Kassar said, starts with electing Bruce Blakeman for Governor. As Nassau County Executive, Blakeman took a stand when others didn't, working with federal immigration authorities to remove dangerous criminals from local communities, standing up for law and order, and banning biological males from competing in women's sports to protect fairness for women and girls.

"I am proud to endorse Bruce Blakeman for Governor of New York. While Albany politicians talk, Bruce Blakeman acts," Kassar said. "He puts taxpayers, families, and public safety first. We need Blakeman in Albany to repair the broken policies of Kathy Hochul that have driven up costs, weakened our laws, and forced families and businesses to leave New York."

"I'm honored and grateful to have the support of Conservative Party Chairman Jerry Kassar," Blakeman said. "We share a mission: to put New Yorkers first, protect taxpayers, and keep our communities safe. While Albany under Kathy Hochul raises taxes, weakens our laws, and ignores everyday families, I'll take action — lowering taxes, backing our police, and restoring common sense to state government. That's the New York we all deserve, and that's the mission we'll fight for together."
