Hochul Sacrificed an Entire Generation's Education

“Anthony Fauci and Kathy Hochul forced masks on our kids even though children were at virtually zero risk of serious illness from COVID. Look at the damage left behind: math and reading performance has hit rock bottom, and kids are severely delayed socially. Hochul sacrificed an entire generation's education just to prove her power, and she owes every parent in this state a massive apology for the real, lasting harm she inflicted on our kids. When I'm Governor, nothing will be more sacred than parents' rights when it comes to their kids,” Nassau County Executive and candidate for Governor of New York Bruce Blakeman said following Anthony Fauci's appearance before the Senate Homeland Security Committee.
