## Import a parcel from the map

The screenshot shows the 'Let's Hunt' app interface. At the top, there's a dark header with the app name and navigation icons. Below the header are three orange buttons: 'Hunt', 'Map', and 'Edit'. A yellow warning banner reads 'Boundary modified — unsaved changes'. The main area is a satellite map with a large, irregularly shaped parcel highlighted in orange. A red arrow points from the text '3. Find the desired parcel...' to this highlighted parcel. At the bottom, a 'Property Details' panel is open, outlined in red. It contains several input fields with the following text: 'South Field', 'Robertson', 'Deer, Turkey, Predator', 'Any regulated seasonal method', '5', and 'No hunting near pond'.

Import a parcel from the map

The screenshot shows the 'Let's Hunt' app interface. At the top, there's a dark green header with the 'Let's Hunt' logo on the left and a red location pin icon with a '1' badge on the right. Below the header are three orange buttons: 'Hunt', 'Map', and 'Edit'. A yellow notification bar below the buttons says 'Property modified — unsaved changes'. The main area is a satellite map showing a green field with an orange outline. To the right of the map are icons for a location pin, a red square, a plus sign, a minus sign, and a compass. Below the map is a 'Property Details' form with a minus icon in the top right corner. The form contains several input fields: 'South Field' (highlighted with a blue border), 'Wilson', 'Deer, Turkey, Predator' (highlighted with a blue background), 'Regulated seasonal Methods', '8', and 'No hunting near pond.'. At the bottom of the form is a large green button labeled 'Save Property', which is highlighted with a red rectangular border.
