

Our Health and Safety Policy

As one of the leading construction companies in Malta, **Attard Bros Group** is committed to providing high quality, professional services and supplies to our clients, whilst ensuring the health and safety of the employees, clients, and the general public. We shall provide and maintain safe and healthy working conditions for both employees and the environment, particularly committing that we shall:

- Comply, as a minimum, with all relevant legislation and codes of practice and where appropriate improve on the performance standards they specify.
- Adopt and promote best practice in all aspects of health and safety, where it is reasonably practicable to do so.
- Manage Attard Bros business processes in accordance with the principles of continuous improvement, carefully evaluating any type of risk arising from changes such as the introduction of new raw materials, new products, or new processes, and ensuring the use of the best available technologies to ensure that the principle of safety is adhered to.
- Provide a working environment and management practices which promote employee well-being and good health.
- Provide information, guidance, training, and assistance to all workers and contractors so that they may carry out their duties with concern for their own and others' safety.
- Involve and consult with employees, where appropriate, through their representatives.
- Ensure permanent process control is in place to ensure a timely initiate of preventive and corrective actions.

To implement this policy, we have adopted a health and safety management system based on the requirements of **ISO 45001:2018**. We commit ourselves to continually improve our management system and its effectiveness each year. The effectiveness of this policy is measured through our health and safety objectives which together with this policy are reviewed on an annual basis to ensure continuing suitability and to ensure that our focus is maintained.

Carl Attard
