1. Nature of operations and going concern

Sokoman Minerals Corp. ("Sokoman" or "Company") is a public company listed on the TSX Venture Exchange (TSXV-SIC) and operating under the laws of the Province of British Columbia. The Company is an exploration-stage company that is in the process of exploring its mineral properties located in Canada and has not yet determined whether these properties contain reserves that are economically recoverable. The Company's registered office is 82 Richmond Street East, Toronto, Ontario M5C 1P1.

These unaudited condensed interim consolidated financial statements have been prepared using International Financial Reporting Standards ("IFRS") applicable to a going concern which assumes continuity of operations and realization of assets and settlement of liabilities in the normal course of business for the foreseeable future, which is at least, but not limited to, one year from September 30, 2022. At September 30, 2022, the Company has an accumulated deficit of \$37,298,325 (June 30, 2022 - deficit of \$33,752,177) and has working capital of \$6,165,519 (June 30, 2022 - \$9,500,993). The Company's ability to continue as a going concern is dependent upon its ability to generate sufficient funds and continue to obtain sufficient capital from investors to meet its current and future obligations. The Company is subject to risks and challenges similar to other exploration stage companies. As a result of these risks, a material uncertainty exists that cast's significant doubt as to the appropriateness of the going concern assumption. There is no assurance that the Company's funding initiatives will continue to be successful and these unaudited condensed interim consolidated financial statements do not reflect the adjustments to the carrying values of assets and liabilities and the reported expenses and consolidated statements of financial position classifications that would be necessary if the going concern assumption was inappropriate. These adjustments could be material. The Company will have to raise additional funds to advance its exploration and development efforts and, while it has been successful in doing so in the past, there can be no assurance that it will be able to do so in the future.

In March 2020, the COVID-19 outbreak was declared a global pandemic by the World Health Organization. The situation is dynamic and the ultimate duration and magnitude of the impact on the economy, capital markets and the Company's financial position cannot be reasonably estimated at this time. The Company is monitoring developments and will adapt its business plans accordingly. The actual and threatened spread of COVID-19 globally could adversely impact the Company's ability to carry out its plans and raise capital.

2. Summary of significant accounting policies

Statement of compliance

These unaudited condensed interim consolidated financial statements have been prepared in accordance with IFRS as issued by the International Accounting Standards Board ("IASB") applicable to the preparation of interim financial statements, including IAS 34 - Interim Financial Reporting. The accounting policies followed in these unaudited condensed interim consolidated financial statements are the same as those applied in the audited annual financial statements of the Company for the year ended June 30, 2022.

The policies applied in these unaudited condensed interim consolidated financial statements are based on IFRS issued and outstanding as of November 29, 2022, the date the Audit Committee approved the statements.

The preparation of financial statements in conformity with IFRS requires management to make judgments, estimates and assumptions that affect the application of policies and reported amounts of assets and liabilities and disclosures of contingent assets and contingent liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates. Significant accounts that require estimates as the basis for determining the stated amounts include exploration and evaluation assets, share-based payments, allocation of financing proceeds, and income taxes. Differences may be material.

The Company operates in one segment defined as the cash generating unit ("CGU") which is North America. These financial statements were authorized for issue by the Board of Directors on November 29, 2022.

2. Summary of significant accounting policies (continued)

New and future accounting pronouncements

Amendment to IAS 1 - Presentation of Financial Statements - Classification of Liabilities as Current or Non-Current

In January 2020, the IASB issued amendments to clarify the requirements for classifying liabilities as current or non-current. The amendments specify that the conditions which exist at the end of a reporting period are those which will be used to determine if a right to defer settlement of a liability exists. The amendments also clarify the situations that are considered a settlement of a liability. The amendments are effective for annual periods beginning on or after January 1, 2023. The amendments must be applied retrospectively in accordance with IAS 8 - Accounting Policies, Changes in Accounting Estimates and Errors. The Company is in the process of assessing the impact the amendments may have on future financial statements and plans to adopt the new standard retrospectively on the required effective date.

IFRS 10 - Consolidated Financial Statements ("IFRS 10") and IAS 28 - Investments in Associates and Joint Ventures ("IAS 28")

IFRS 10 and IAS 28 were amended in September 2014 to address a conflict between the requirements of IAS 28 and IFRS 10 and clarify that in a transaction involving an associate or joint venture, the extent of gain or loss recognition depends on whether the assets sold or contributed constitute a business. The effective date of these amendments is yet to be determined; however early adoption is permitted. The amendments are not expected to have a significant impact on the Company's consolidated financial statements.
