

January 2016

APRIL 30 - IIP 15th ANNIVERSARY & 2016 DEFENDERS EVENT

We have so much to celebrate ... 15 years of fighting for the forgotten innocent ... 8 exonerees ... 3 Department of Justice DNA grants ... the new Latino Innocence Initiative ... 9 cases in DNA testing ... dozens of UIS undergrads and Illinois law school students who have gone on to fight for justice in all walks of life.

JOIN US for a special celebration of our history, the exonerees who endlessly inspire us and the hope we feel for wrongfully imprisoned clients.

JOIN US to meet Kirk Bloodsworth (at right), the first death row inmate exonerated by DNA. His tenacious battle to save his own LIFE will astound you.

JOIN US for an inspiring evening surrounded by people who care about justice and those who need our care the most.
