

November 2019

It can be frustrating to think about the injustices I see in our cases ... but it is also amazing to think about all the people who make it possible for us to help these individuals – to bring back hope to someone who might have lost it.

Hayley Goben, UIS graduate student and IIP volunteer

Dear Friends,

Your kindness and generosity allow us to keep up the fight to bring home the wrongfully convicted.

So as we begin this holiday season, we reach out with grateful hearts to say “*Thank You.*”

We really couldn’t do it without you!

With gratitude,

IIP Students, Exonerees, Clients, Volunteers and Staff
