ADMISSIONS AND ENROLMENT JOURNEY

Welcome to ESCA! With a holistic approach to academics, athletics, and personal development, our student-athletes do not have to compromise one for another.
If you are ready to make the commitment to winning your future, follow the journey below.

We look forward to welcoming you to the ESCA community!

1. START YOUR ENQUIRY

- Begin by completing the **Google Enquiry Form** with our Admissions Department.

- From there, you'll select a time to **meet our team** and explore how ESCA's holistic approach supports your child's development.

2. SPEND A DAY WITH US

Following your introductory meeting, your child will be invited to spend a **full day at ESCA**, experiencing life as a student-athlete. During this visit, three assessments will take place:

1. **Academic Assessment** (Mathematics & English)
2. **Sports Assessment** (for academy applicants) OR **Portfolio Review** (for specialist applicants)
3. **ESCA FIT Interview**

3. RECEIVE FEEDBACK

Our Admissions Team will carefully review your child's application. Within two weeks, you will receive feedback via email regarding our **admission decision**.

4. ENROLMENT PROCESS

Once your child's place has been confirmed and you've selected a start date, the Admissions Team will guide you through the enrolment process:

- The ESCA Accounts Department will issue an invoice for the **enrolment fees** (as outlined in the Fee Structure).
- Once proof of payment is received, the Admissions Team will share the **Enrolment Contract** via our e-signing platform.
- Enrolment will be finalised, and your child's place at ESCA will be secured.

5. ONBOARDING

After enrolment, you will receive communications from key ESCA staff members to ensure a smooth transition. These will include:

- An email from the relevant Phase Head with **academic details**
- **ESCA Shop** details for uniforms
- A welcome email from the **Athlete Wellness Department**
- A welcome email from the **Sports Development Department**
- A welcome email from **EXA Global**
