## NAVIGATE TO ANY PLAN WITH THE CLICK-THRU ORGANIZATION CHART.

Each One Page Business Plan has five components that work together to describe the profit center, department, project or program being built, why it is being built, how it will be built, and the specific measurable results that will be accomplished.

## CLICK ON ANY OBJECTIVE AND A ONE PAGE PERFORMANCE SCORECARD™ OPENS.

The scorecard shows actual, budget, forecast and last year actual, both graphically and quantitatively. This system uniquely links plans and performance reporting in a very simple, highly effective manner.

From a **One Page Plan**, click on any **Objective** to view a **Performance Scorecard**. Click on any **Action Plan** to view a **Progress Report**.

# Implementation Is Easy

*Many business and corporate planning processes remain highly complex, overly time consuming and ineffective. CEOs and business owners complain their planning process takes too long and is of little value... Why not implement a results-based system that links planning, implementation, and accountability?*
