

What's New On Campus: Facilities Update

We're excited to give you a sneak peek at the campus upgrades happening this summer! From dedicated spaces for Music, Drama, and Dance to a full-floor Digital Media Centre, an expanded

SY Library, upgraded Elementary Science Labs, and more! Plus, vibrant new designs and colours across our campus are set to inspire a joyful and innovative 2025–2026 school year.

WWW 2024/2025

Our Week Without Walls programme gives students in Grades 6 to 10 an unforgettable opportunity to learn beyond the classroom. With overseas trips to countries like Laos, Thailand, Malaysia, and Vietnam, our students explored topics such as biodiversity, sustainability, and life skills through hands-on experiences like kayaking, hiking, and cooking. These journeys encouraged independence, global awareness, and a deeper appreciation of the world around them.

Next-Gen Learning: AI at XCL World Academy

This year, XWA partnered with SureStart to launch an AI programme for our Grade 6 students. Over 15 weeks, they explored AI fundamentals, generative AI, app development, and key life skills. Led by Dr Taniya Mishra, CEO of SureStart, and supported by Leonardo Neves and trained XCL faculty, the programme also featured industry-led AI career seminars.

Next year, the programme expands to Grade 7, covering robotics, machine learning, expressive AI, and ethics, ending with a capstone project to design an interactive robot.

XWA 10th Anniversary Family BBQ

The 2024–2025 academic year marked a significant milestone in our journey as we celebrated XWA's 10th anniversary. What began as a vision to create a nurturing, globally minded learning environment has grown into a thriving international community. We commemorated this special moment with our annual XWA Family BBQ—a joyful celebration filled with vibrant performances, delicious food, and engaging activities. It was a heartfelt reminder of how far we've come and a celebration of the strong bonds that continue to unite our students, families, and staff.

STEM RACING (F1 in Schools)

Our talented STEM RACING team, XCLerate Racing, made headlines this year by securing 1st place at the Singapore National Finals in 2024. Their hard work, innovation, and teamwork have set them on the road to the World Finals later this year, and we couldn't be prouder. We look forward to cheering them on as they represent XWA on the global stage!

Celebrating Diversity at XWA

At XWA, diversity is at the heart of who we are. We embrace and celebrate the rich cultural heritage of our community through events like Language & Culture Week, Chinese New Year, and Deepavali celebrations. These vibrant moments reminded us that every culture adds a unique thread to the fabric of XWA, creating a warm, inclusive environment where everyone feels they belong.

Stay Connected!

For real-time updates, photos, and event reminders, be sure to follow us on our official school platforms and social media! Thank you for being part of our vibrant XWA community.
