

A World-Class Campus – Designed to Inspire

Set on five hectares in a lush, family-friendly neighbourhood just 20 minutes from the city centre, XWA occupies a modern and purpose-built campus, creating an immersive environment designed to spark learning, innovation and joy.

New Early & Primary Years building with age appropriate science labs, dedicated library, arts & music facilities and outdoor learning spaces

Innovation Hub: Digital media labs, VR stations, podcasting facilities, green screen studios and more

Singapore's first international school **eSports arena**

Olympic-sized outdoor and indoor heated pool

Expansive Sports Facilities for football, cricket, tennis, basketball, rugby, running, rock climbing and more

750-seater performing arts auditorium, performing arts block, dance studios and more

Explore the Future of Learning Today!

Preparing Students for Life Beyond School

At XWA, we're not just preparing students for the next test or school year; we're preparing them for life. Our graduates stand out for their **academic success, innovative mindset, and character**, ready to thrive at top global universities and in future-focused careers.

Whether they pursue the Ivy League, global startups, or creative industries, they leave XWA **confident, empowered and ready to shape next, now.**

"We recommend XWA to other families for the supportive and welcoming environment with highly engaged teachers who genuinely help students thrive academically."

- Eda and Abdulkadir Tasdemir

"XWA offers a nurturing, inclusive environment with dedicated teachers who focus on individual growth and well-being. Our children thrive academically and socially in this globally-minded community."

- Poornima Venkatraman and Prasanna Mohan

WELCOME TO THE ACADEMY OF THE WORLD

Shaping Next, Now: Empowering Global Citizens for Tomorrow

Step into a dynamic international school where academic excellence meets cutting-edge innovation. At XCL World Academy (XWA), we nurture students aged **18 months to 19 years old** to become confident, compassionate, and future-ready leaders in a rapidly evolving world.

Our holistic, globally recognised curriculum spans the International Baccalaureate (**IB**) continuum (PYP, MYP, DP), Advanced Placement (**AP**) options, and the High School Diploma (**HSD**), paving the way for lifelong success.

That's why others are just schools. And we are the **Academy of the World.**

Opportunities & Pathways for Every Dream

Academic Excellence Meets Future-Ready Learning

Every student at XWA embarks on a personalised learning journey designed to build academic excellence, life skills, creativity, leadership, and a global outlook. We empower students to discover their passions while developing the skills top universities and future employers value most.

- ✓ IB Continuum (PYP, MYP, DP)
- ✓ Advanced Placement (AP) courses
- ✓ High School Diploma (HSD)
- ✓ World-class international teaching faculty
- ✓ Personalised academic pathways based on students' strengths and goals

Global University & Career Counselling

Starting in Grade 8, students receive **personalised** guidance from two dedicated and experienced university advisors, including one alumnus of **Harvard** and **Georgetown**. This ensures a low student-to-counsellor ratio and ample one-on-one time with students and parents.

From subject planning and internships to university applications and scholarships, students develop the strategy, confidence, and resilience to succeed. Supported by **strong pastoral care** and a focus on wellbeing, our holistic approach drives outstanding academic results and placements at the world's top universities.

Over the past 3 years, students from XWA have:

- ▶ Achieved IBDP scores consistently above the global average, including perfect scores
- ▶ Gained admission to top universities worldwide, including the prestigious Ivy League
- ▶ Received over US\$28M in university scholarships

English as an Additional Language (EAL):

Supportive language instruction for non-native English speakers in Grades 1–9 to build fluency and confidence.

Intensive EAL and Foundational English Programme (FEP):

Designed for students at different stages of English language development, with Grades 3–5 following Intensive EAL and Grades 6–9 following FEP, this programme strengthens language skills and supports a smooth transition into mainstream classes.

Home Language Programme:

We support the growth of students' home languages through dedicated options in Japanese and Chinese. In EYPY (KG2–Grade 5), Japanese classes enrich learning and include kanji support, with optional after-school sessions (Grades 1-5). From MYP, students may pursue Chinese A (Grade 6–DP) and Japanese A (Grade 9–DP), ensuring continued language and cultural development.

Language Acquisition:

Beginning in Grade 1, this programme offers students the opportunity to develop language skills in Mandarin, French, or Spanish through engaging lessons that foster early language awareness, cultural appreciation, and lifelong proficiency.

Language Pathways for Every Learner

Our language programmes are designed to help every student succeed, whether developing bilingual fluency, strengthening their mother tongue, or receiving personalised English language support.

English - Chinese Bilingual Programme:

Immersive dual language learning in English and Chinese, led by two native-speaking educators, helping students develop strong proficiency in both languages from an early age.

Empowering Young Innovators in a Tech & AI-Driven World

Balanced & Age-Appropriate

Our Tech-Responsible Policy ensures screen time is purposeful, ethical, balanced and intentional.

Integrated from Day One

AI and technology education is embedded into the school day, not just an after school activity.

Solving Real-World Problems

Grade 6 students build AI-powered apps tackling global issues, from climate change to mental wellness and more.

Mentorship from The World's Best

Grade 6 students are exclusively mentored by AI experts and postgraduates from MIT, Stanford, NYU, NTU, and more.

Learning takes place in our **state-of-the-art Innovation Hub**, with robotics labs, design fabrication studios, VR stations, 3D printers, and Singapore's first international school eSports arena. Through immersive, project-based learning and challenges, students gain the **mindset, skills, and responsibility** to thrive in a tech-powered future.

Holistic Learning Beyond the Classroom

- ▶ 90+ co-curricular activities across arts, sports, STEM, academics and service
- ▶ Model United Nations, World Scholars Cup, TEDx, robotics, coding, and entrepreneurial clubs
- ▶ Competitive team sports: football, basketball, swimming and more
- ▶ Global cultural experiences, service trips, language exchanges and overseas experiential learning camps
- ▶ Performing & visual arts, drama, orchestra, dance, design, filmmaking, podcasting, and more
- ▶ Leadership and service-learning opportunities across all grade levels

A Diverse Community That Feels Like Home

With over 50 nationalities and a mid-sized student body, XWA is known for its warm, inclusive community where every child and family is valued and celebrated. Our academic, pastoral, and parent engagement teams work closely with families to ensure the best outcomes. Families benefit from regular events, parent engagement sessions and a collaborative support network. Students and families can apply and join at any time, with the assurance that they will be fully supported no matter where they start their journey.
