

Grand Opening: Our Early Years & Primary Years Campus!

Our Early Years and Primary Years (EVPY) Campus was officially opened on 22 October by Dr Syed Harun Alhabsyi, Senior Parliamentary Secretary for Education and National Development, and Ms Lee Hui Ying, MP for Nee Soon GRC. The event featured inspiring remarks about XWA's vision for nurturing confident, curious learners, followed by a campus tour showcasing our dynamic classrooms and dedicated teachers. This milestone marks an exciting new chapter in our commitment to providing a supportive, enriching start to every child's learning journey.

Festival of Lights Shines Bright on Campus

Our campus celebrated Deepavali with a vibrant assembly featuring the lighting of the diya, a beautiful parent-created rangoli, and a surprise teacher dance performance. Students enjoyed a day of cultural activities, from henna and diya painting to dance, celebrating tradition, inclusion, and community spirit.

Healthy, Happy, Active!

We celebrated Wellbeing Week – a special time dedicated to promoting healthy habits, physical activity, and self-care for both students and staff. Students pedalled their way to tasty success on the smoothie bikes, powering blenders with their own energy to make refreshing, healthy smoothies. Friendly competition filled the air during the Students vs Staff Games, where everyone tested their skills in hula hooping, basketball, juggling, and skipping rope.

Throughout the week, we were reminded that taking care of our wellbeing is about more than just exercise – it's about balance, laughter, and community.

Think Pink: Building Community and Compassion

At XWA, we believe in fostering a welcoming, inclusive environment where every member of our community feels supported and empowered. This year's Think Pink event was a powerful example of this commitment. Our students, staff, and families united to raise awareness for breast cancer by forming a giant pink ribbon on the school field – symbolising hope, strength, and solidarity.

The day was filled with engaging activities, all designed to bring our community together in support of a meaningful cause. By encouraging empathy and social responsibility from an early age, we nurture not only academic growth but also compassionate global citizens.

Preparing Students for the Future

Our school is committed to equipping our students with the skills, confidence, and mindset to thrive in a rapidly changing world. As part of our ongoing journey to integrate future-ready learning, we were honoured to welcome Dr Taniya Mishra, Founder and CEO of SureStart, to our campus.

Dr Mishra led an engaging parent session on how artificial intelligence (AI) is reshaping the way our children learn and the world they will soon lead. She also joined our Grade 6 AI and Grade 7 Robotics classes, sparking meaningful discussions about chatbots, their impact on our daily lives, and how students can harness these tools to innovate responsibly.

Through partnerships with global innovators like SureStart, XWA continues to stay a step ahead – empowering every learner to become a creator, problem-solver, and leader in the age of AI.

Stay Connected!

For real-time updates, photos, and event reminders, be sure to follow us on our official school platforms and social media! Thank you for being part of our vibrant XWA community.
