## WorldNXT Web Check-in/Check-out

### Product Benefits

WorldNXT Web Check-in/Check-out integrates with SMS|Host for an easy to use alternative for guest without the WorldNXT Mobile Guest app.

The interface allows improved accuracy of information and overall efficiency through:

- Flexibility to customize with logo, color scheme, or full website
- SMS check-in procedures followed (authorization at credit card at check-in)
- Digital registration card and WorldNXT policies for a seamless check-in process
- Automatic “room not ready” email
- Settling and emailing of guest folio
- Easily check out online to complete the stay
- Settling and emailing of guest folio

### Interface Functionality

WorldNXT Web Check-in/Check-out provides an easy to use alternative for guests without the Mobile Guest App but still want to experience a contactless check-in/check-out. A link can be placed directly on the website or within the body of emails to initiate the online check-in/check-out process.

### Software and Hardware Requirements

The product is compatible with, and requires, the following:

- Current releases of the SMS Product Suite
- Diplomat Type II server (see Exhibit A - Hardware Requirements document)

\*WorldNXT Web Check-In/Check-out is included with the purchase of WorldNXT Guest Mobile but can also be purchased as a stand-alone product.
