Qualification Description

This qualification reflects the role of workers who assist teachers and support student learning in a range of classroom settings under the guidance of a teacher or other educational professional. At this level, workers may be involved in facilitation of learning for a range of instructional groupings, including for those students in need of additional support. In these roles, the education support worker sources and analyses information from diverse sources, may work with limited direct supervision and could provide guidance to other workers.

To achieve this qualification, the individual must have completed a total of least 100 hours of work in a classroom environment catering to primary or secondary school students, within at least one school in Australia as detailed in the Assessment Requirements of units of competency. The total number of hours may be applied collectively across all units of competency that include the requirement for workplace hours.

Education support workers work mainly with students in classroom settings in primary or secondary schools, as defined by State/Territory legislation.
