

Health Administration and General Practice Qualification Review

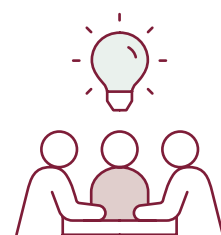

Changes in our healthcare sector over the past decade have had significant impacts on workforce demand, role expectations and skill requirements. Qualifications have quickly become outdated.

This project will focus on aligning training to fill skills gaps, meet regulatory requirements and keep up with technological advancements.

Benefits of being involved

Your input is important and will:

- help align qualifications with current legislation and reporting requirements
- ensure the graduates and the current workforce are equipped to perform their roles
- guide qualification changes that will increase course retention and completion
- provide insight into workforce training needs and opportunities for improvement.

How to get involved

Please visit humanability.com.au to learn more about the project and register for updates and consultation opportunities.
