

Webb 56864B CRT Vented Brake Drum

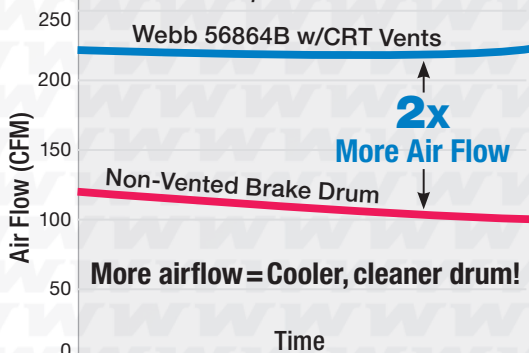

**Runs cooler and cleaner
to last longer!**

THE PROBLEM: Standard non-vented brake drums trap heat and debris, causing excessive temperature buildup inside the drum

THE SOLUTION: Webb's 56864B vented brake drum generates twice the airflow of non-vented drums, lowering wheel-end temperatures

**104 pounds
23K Rating
Designed, Cast & Machined in the USA**

Patented CRT vents enable drums to run **COOLER** and **CLEANER** so wheel-end components last longer!

Patented innovative design **ONLY FROM WEBB!**

- **2X More Airflow** actively flushes dirt, dust, and brake debris out of the wheel-end, keeping the drum and linings cleaner
- **Manages Heat 10% Better** than other brake drums of similar weight, delivering cooler wheel-end temperatures
- **10% Longer Wearable Drum Life** compared to traditional non-vented drums, meaning fewer drum replacements over the life of the vehicle
