About: This document provides a comprehensive list of potential funding sources for the T.R.U.E Collective / Mass Development TDI climate resilience hub initiative. The document includes detailed information about various grants from corporate, utility, community, and private foundations that could support different aspects of the project, such as environmental justice, climate resilience, after school education, community development, and more. Each entry includes the name of the funding source, website, deadline/dates, type of funding, location/region, funding focus, funding amount/range, and contact information.

Usage Description: The grant opportunities list is intended to assist project managers, grant writers, and financial planners in identifying and applying for relevant funding to support the T.R.U.E Collective / Mass Development TDI Urban Room project. It serves multiple purposes:

- **Resource Mobilization:** Helps in securing financial resources necessary for the development and operation of the Urban Room and associated programs.
- **Strategic Planning:** Aids in planning the project phases based on potential funding timelines and focus areas.
- **Partnership Development:** Facilitates building relationships with funders and stakeholders who have aligned interests in community development and resilience.
- **Budgeting:** Assists in creating a budget that incorporates potential funding, enhancing the feasibility and sustainability of the project.
