Letter of recommendation

In October 2019, AFINE sp. z o.o. entered into a framework agreement with ING Business Shared Services B.V. to conduct comprehensive security testing of applications and infrastructure components.

Under the scope of this agreement, AFINE delivered thorough and meticulously executed security assessments, ensuring full compliance with the agreed scope, deadlines, and industry standards. Each test was performed with exceptional professionalism, reflecting the company's expertise and dedication to quality.

Based on our extensive and positive collaboration with AFINE, we confidently recommend this company as a dependable and highly competent partner for advanced security services.
