Dear Parents 😊

Some of the June holiday camps featured in our June Camp flier will be starting next week! If you are thinking of signing up but would like to find out more, feel free to WhatsApp Nick at 9018 9413 directly for more details.

Stamp Explorers: Journey Through Storytelling is an engaging enrichment camp, where children step into the world of stamps and become young **philatelists** in action. Children will explore the fascinating world of postage stamps and learn about the essentials. They will also design their own creative stamps, build themes, and learn how visual elements can tell powerful stories. The camp culminates in exciting oral presentations, where each child confidently be guided to do public speaking as they shares the meaning and story behind their designs.

It's a unique blend of art, history, and presentations—helping students build creativity, confidence, and strong public speaking skills.
