GROUP VIOLIN CLASS

Course Code: 07

The aim of this **GROUP VIOLIN** course is to provide basic introduction with a progressive method to study the art of violin playing as a leisure activity, with a view to orchestra playing or advancing to individual lessons in the future. The curriculum is designed to encourage the development of all-round instrument skills, musical skills, ensemble skills and music theory.

After completing the beginner course (first semester – 2 terms), students will typically be able to show that they have acquired a basic technical foundation on their instrument; they will demonstrate some music interpretation through variations in dynamics and articulation, with a limited variety of pace. They will perform audibly, with a sense of enthusiasm and enjoyment and with some awareness of audience.

ABRSM Examination
ABRSM Exam will be optional for recognized progress certification.

FREE VIOLIN Promotion
We will be providing new students with new violins **free of charge** limited to this recruitment exercise only. A continuous two (2) terms contract is required.*

Dance Praxis

Course Code: 08

The basis of this dance programme is **Classical Ballet** – a structured dance form which provides the basic foundation for many other kinds of dance. Using the CSTD Syllabi, the programme will improve posture, develop poise and coordination, and increase the attention span and musical awareness of students. Our instructors have excellent track records of competition and examination results, and they will ensure that children learn not only how to dance, but how to love dancing.

Hip hop is a dance that can be performed by anyone who wants to learn. The dance is fluid and versatile when coupled with upbeat music. The physical demands of hip-hop can be quite high, so kids will get a great cardio workout in classes! They'll be fitter, but also enjoy better balance, flexibility and coordination.
