

Fish Power

Allowed Input
Cert. No. 19013 | Approved to use in
Organic Agricultural System

Fish Protein Peptide

Seawin's **FISH POWER** is 100% water soluble light brown powder. This is widely used for flowers, vegetables, fruits and field crops with the pH between 5.5 and 6.5. With high Organic N, Polypeptide amino acids have excellent performance on growth promotion, restoration from stress, yield increase and quality improvement.

Product Features

- Enhance the physiological function and disease-resistance
- Reduce the application amount of both fertilizer and pesticides
- Improve the quality and yield of crops

Seawin's Advantage

Amino acid:

Extracted from fish skin using advanced enzymolysis, light weight molecules to provide bio-stimulant properties

Protein peptide-Powder:

The molecular weight of the product is 300-700Da , mainly composed of free amino acids and 2-5 peptides, which are the most active fragments

Packaging Size: 10kg

Product Analysis

Fish Protein.....≥90%
N.....≥14.5%
Total Amino Acids.....≥80%

Physical Characteristics

Light Brown Powder, Water Soluble,
pH 5.5-6.5

Application

Foliar Spray: 1-5kg/ha

Irrigation: 5-10kg/ha

For application suggestions specific to your crop, please contact your local agronomist or Seawin's distributors.
